Tableau, VS Code, Git, Excel, Figma

Languages

FRENCH : Intermediate

ENGLISH : Fluent

ARABIC : Native

Parascolaire

VICE-PRESIDENT ET CO-FOUNDER
CLUB ENIAC ENSA SAFI
IT Club

Hobbies

Football, Traveling, New technologies

Profile

Currently an Engineering student in the second year of the engineering cycle at ENSA Safi (Data Engineering and Artificial Intelligence), I am actively looking for a **2-3 months** End-of-Year internship (PFA) in **Data Science / Machine Learning / AI** from **July 2023**.

Projects and Experiences

• DATA ANALYSIS AND PREDICTION | November 2022

Analytics and visualization of a database ([365 Data Science](#)) and building an ML model to predict new paid subscribers.
Python, skLearn, Pandas, MySQL, Machine Learning, Tableau

• MOBILE DEVELOPMENT | August - September 2022

Internship at [High Informatic Technology](#)

Worked on a POS (point of sale) mobile application to manage sales for any type of business with a local database.
Flutter, HeidiSQL, MariaDB

• WEB APPLICATION (ALMAD) | 2022

Third year project : <http://almadtest.rf.gd/>

Online learning platform that gives students and teachers the ability to share learning materials and communicate with each other.
HTML, CSS (Sass), Javascript (jQuery), PHP, MySQL

Certificates

- Data Scientist Career – [365 Data Science](#)
- Applied AI – [IBM \(Coursera\)](#)
- Scientific Programming with Python – [freeCodeCamp](#)

Education

Engineering cycle, Computer Science

- Since 2021

[ENSA Safi](#)

Preparatory Cycle

[ENSA Safi](#)

Physics and Chemistry Bachelor (Baccalauréat)

[Lycée Abdelmoumen Tounfite](#)
